Authorizing Construction of the : For the Committee of Lake Side Power Project : Consumer Services

21 October 2004

- 1 Q. Please state your name.
- 2 A. My name is Cheryl Murray.

3

- 4 Q. Did you previously offer testimony in this proceeding?
- 5 A. Yes, I filed direct testimony on 27 September 2004.

6

- 7 Q. What is the purpose of your surrebuttal testimony?
- 8 A. The purpose of my surrebuttal testimony is to correct a statement in my direct testimony.

10

- 11 Q. Please direct us to that statement you wish to correct.
- 12 A. On page 3, line 5, I state that "In particular, the resource category was labeled as "peaking," but the evidentiary record in the case clearly shows that the Company plans to operate Currant Creek as a base load resource".

16

17

- Q. How would you restate it?
- 18 A. In particular, the resource category was labeled as "peaking," but the
  19 evidentiary record in the case shows that the Company expects to operate
  20 Currant Creek as a "hybrid" plant. Specifically, the plant is expected to be
  21 operated at a relatively high capacity factor, but have the flexibility to be
  22 ramped up and down intra-day in order to meet changing load
  23 requirements.

24

- 25 Q. Does this conclude your testimony?
- 26 A. Yes.
